14. APPOINTMENT TO COMMISSIONED RANK

A non-graduate Cadet who satisfactorily completes the prescribed course of military training and who passes such examinations and tests as may be laid down will be eligible for appointment as a commissioned officer in the Naval Service rank of Ensign.

A graduate Cadet who satisfactorily completes the prescribed course of military training and who passes such examinations and tests as may be laid down will be eligible for appointment as a commissioned officer in the Naval Service rank of Sub Lieutenant.

15. THIRD LEVEL EDUCATION/UNDERTAKINGS/FEES

Tuition and examination fees in respect of Cadets/Officers attending 3rd Level Institution will be met from public funds. Textbooks, instruments etc., will be made

available without charge but will remain the property of the Minister for Defence. During attendance at college, Cadets/Officers will normally be accommodated in Military Barracks and will be in receipt of normal pay and allowances.

Personnel of the Naval Service, other than those who already hold a relevant third level qualification in Nautical Science or Engineering, and who are considered suitable may, subject to the exigencies of the service and the requirements of the Defence Force, be assigned to a course of study leading to a degree at the Cork Institute of Technology or a course of study leading to a degree at some other third level college of education, as approved by the Director of Defence Force Training & Education.

In addition, Commissioned Officers who undertake certain courses at public expense will be required to subscribe to an undertaking (or undertakings), copies of which are available on request, that, on being granted permission to retire from the Permanent Defence Force at any time after they have commenced the course and before they have served in the Defence Force for a minimum number of years reckoned from the date of completion of their third level training, they will refund the cost of such training to the Minister for Defence including the cost of pay and allowances paid to them during the period of attendance at the course.

Payment of the amount involved, including the cost of any pay and allowances paid to them during the attendance at the course, must be made in full and up-front i.e. before the actual date of their retirement. However, in every case, the granting of permission to a Commissioned Officer to retire or resign from the Defence Force is a matter for the appropriate authority in accordance with the relevant provisions of the Defence Act.

16. PAY, ALLOWANCES & PRSI

- a) Pay and Allowances, see Annex A
It should be noted that the payment including the rate of payment of these allowances are subject to review and adjustment on an ongoing basis under Government policy.
- b) On enlistment to the PDF (see paragraph 12) Cadets are generally liable initially to pay PRSI contributions at the Class H rate. On appointment as an Officer (see paragraph 17), they generally pay PRSI at the Class A rate. In both cases, they are covered for the range of benefits under the Social Insurance code including the State Pension (Contributory), subject to meeting the qualifying criteria under the Social Welfare Acts – see paragraph 20 and Annex B.
- c) Method of Pay
Cadets and Officers are paid monthly by means of electronic funds transfer to a designated financial institution.

17. RETIREMENT BENEFITS

This should be read in conjunction with **Paragraph 19 (Pay, Allowances and PRSI)** and **Annex A and B**.

Members of the Permanent Defence Force (PDF) may qualify for retirement benefits (also called *superannuation benefits*), provided they meet certain terms and conditions. The superannuation arrangements for members of the PDF are *defined benefit* pension schemes.

The main benefits are:

- a retirement pension,
- a retirement lump sum (gratuity) or death in service lump sum, and
- spouses'/civil partner's and children's contributory pensions.

Pension contributions are payable by the scheme members from their Defence Force salary towards their retirement and dependents benefits.

In general, Cadets joining the PDF and who are commissioned as Officers may, subject to certain conditions, qualify for payment of retirement benefits from age 50 (*minimum pension age*).

Membership of the relevant pension scheme is compulsory. The specific pension scheme that applies to PDF personnel depends primarily on the date the person joins the PDF and on whether the person is joining the Public Service for the first time.

In general, anyone joining pensionable public service employment on or after 1 January 2013 is a member of the **Single Public Service Pension Scheme**. This scheme applies to all military personnel who join the PDF from **1 January 2013 onwards** as first-time new entrants to the public service. Those arrangements are provided under the *Public Service (Single Scheme and Other Provisions) Act 2012* ('the Single Scheme').

For those who are not eligible for membership of the Single Scheme the following arrangements apply:

- (i) For personnel who join the PDF as *new entrants* on or after 1 April 2004 and before 1 January 2013, they will be members of the DF Post-2004 Scheme. Their arrangements are generally governed by the *Public Service Superannuation (Miscellaneous Provisions) Act 2004* (the 2004 Act).
- (ii) Where a person joining the PDF is not a new entrant as defined:
 - under the 2012 Act (see paragraph (a) above); or
 - under the 2004 Act (see paragraph (b)(i) above),

the Pre-April 2004 Defence Forces superannuation scheme and arrangements apply.

Annex B below gives more detail on the different pension schemes and their terms.

18. ANNUAL LEAVE

Annual leave to the extent of 31 days may be granted to Cadets and Junior Officers.

Officers, non-commissioned officers and seamen of the Naval Service serving afloat may be granted annual leave for periods not exceeding 43 days in the aggregate in any one leave year.

Senior Officers (Lieutenant Commander and higher ranks) may be granted 43 days leave.

The provision of annual leave must be in accordance with the provisions of Defence Forces Regulation (DFR) A.11.

It should be noted that this annual leave provision is currently calculated on a 7-day basis.

Leave entitlements may be subject to review and adjustment.

19. SICK LEAVE

Sick Leave may be granted in accordance with the provisions of Defence Force Regulation A.12 (Medical Treatment) and Defence Force Regulation S.3 (Pay and Allowances). Sick Leave entitlements may be subject to review and adjustment.

20. PROMOTION AND RETIREMENT

Subject to the terms of Defence Force Regulations, Officers are eligible for consideration for promotion through the commissioned ranks.

The age for retirement of Officers ranges from 62 years of age (Ensign/Second Lieutenant) to 63 years of age (Vice Admiral/Lieutenant General), depending on rank and is subject to review.

Rank	Retirement Age
Ensign / Sub Lieutenant	62
Lieutenant NS	62
Lt Commander	62
Commander	62
Captain	62
Commodore	62
Major General / Rear Admiral	62
Lieutenant General / Vice Admiral	63

21. UNIFORMS AND ACCOMMODATION

A Cadet is issued uniforms and accessories. Commissioned Officers receive a grant, in accordance with the scales laid down, to assist towards the cost of providing themselves with uniform and equipment. An allowance is currently paid to a Commissioned Officer towards the purpose of replenishing their kit.

It should be noted that the allowance provided for on commissioning, shall be paid based on a submission by the officer of certified receipts up to but not exceeding the value of the initial allowance to the Finance Branch, Department of Defence, Renmore, Galway. The initial allowance is exempt from taxation, while the replenishment allowance paid in subsequent years is subject to taxation under the taxation arrangements in place at the time, currently 40% is taxable and 60% not taxable.

A Cadet is entitled to accommodation and meals without charge subject to the terms of Defence Force Regulations. Single Living-In Commissioned Officers may be provided with official accommodation, in respect of which a deduction may be made from pay.

22. MEDICAL ATTENDANCE AND HOSPITAL TREATMENT

Primary health care i.e. medical attendance at and treatment by a doctor or primary care medical team in the Defence Force, including e.g. physiotherapy, routine dental treatment etc., some limited in-house secondary care and the provision of medication prescribed by a Medical Officer, are provided without charge, subject to any limitations as required by law.

In accordance with Defence Force Administrative Instructions, cadets who develop a medical condition preventing them from continuing or completing their cadetship, may be referred by the Defence Force Medical Officer or the attending doctor for secondary treatment as a private patient to a consultant or for private treatment in hospital subject to financial sanction and any other limitations as required by law. The medical service provided to members of the Defence Force is by nature an occupational medical service and as such, services such as cosmetic surgery (where such does not arise from occupational injury), etc. are not provided.

23. PAY AND ALLOWANCE - BENEFIT IN KIND

The tax status and taxation of any benefit, payment or allowance paid to members of the Defence Forces is a matter between the individual taxpayer and the Revenue Commissioners and must be disclosed by the individual to the Revenue Commissioners. The Department will not be liable for the financial impact, positive or negative, of any change in the tax status of any current payment, allowance or benefit paid or made available to members of the Defence Forces, or any determination of their tax status, as may be directed by the Revenue Commissioners from time to time.

Pay and Allowances etc.

1. In line with Department of Finance instructions of 23 December 2010, starting pay will be at the minimum of the scale. The rate of remuneration may, be adjusted from time to time in line with Government pay policy.
2. The following are the current rates of pay **that apply to Cadets with effect from 1 February 2026.**

Cadets	Current Rates of Pay with effect from 1 February 2026
Point	Personal Pension Contribution (PPC) scale Full PRSI (Class H)
1 st	€26,248
2 nd	€28,817
3 rd	€32,094
4 th	€35,044
5 th	€39,026

Where enlisted personnel take up a cadetship and where the 1st point of the scale is lower than the current value of the soldier pay plus any continuous allowances then the cadet will be placed on an off-point rate. On commissioning the officer will be placed on the appropriate point of that pay scale or will continue the off-point rate, whichever is greater. This off-point rate will continue to be paid until incremental progression allows for convergence with the established pay scale rates.

3. On enlistment to the Permanent Defence Force (see paragraph 12) Cadets are initially liable to pay PRSI contributions at the Class H rate. On appointment as an Officer (see paragraph 17), they are generally liable for the Class A PRSI rate. In both cases, they are covered for the range of benefits under the Social Insurance code, including the State Pension (Contributory) – see also paragraph 20 and Annex B.

4. In general, persons commissioned as Officers following completion of a Cadetship under this competition, will qualify for the following rates of pay and allowances:

Current rates of pay with effect from 01 February 2026				
Ranks	Service	Basic Salary	Military Service Allowance	Total Pay

Military Service Allowance

In addition to basic pay, Military Service Allowance is payable to Officers holding the commissioned ranks of Ensign/Sub Lieutenant (Naval Service).

Patrol Duty Allowance

Patrol Duty Allowance is payable to all personnel serving aboard ship on duty, i.e. for each day spent on patrol which last an average of 20 days at a time.

The current daily rate of the patrol duty allowance for naval service personnel (e.g. for an Officer €90.20, and for a Cadet €66.95) from day 1 – day 10 will be maintained. Thereafter, the daily rate of the allowance will be doubled (e.g. to €140.40 for an Officer and €133.90 for a Cadet) from day 11 up to the maximum number of sea-going days that can be served in a calendar year.

Please note the rate of these allowances are payable from 01 February 2026

It should be noted that the payment including the rate of payment of these allowances are subject to review and adjustment on an ongoing basis in accordance with changes applicable as per Government policy.

RETIREMENT BENEFITS

Members of the Permanent Defence Force (PDF) may qualify for occupational pension and retirement gratuity (i.e. superannuation benefits) subject to certain terms and conditions. The specific defined benefit superannuation arrangements that apply to PDF personnel depend primarily on when the person joins the public service for the first time. Further details are set out below, and these should be read in conjunction with Paragraphs 19 and 20, and Annex A.

The main benefits under the PDF superannuation schemes are:

- **an occupational pension,**
 - **a retirement gratuity (lump sum) or death in service gratuity, and**
 - **spouses'/civil partner's and children's contributory pensions.**
- (a) **The new Single Public Service Pension Scheme ("Single Scheme") applies to all military personnel joining the PDF as first-time new entrants to the public service on or after 1 January 2013.**

This is provided for under the *Public Service (Single Scheme and Other Provisions) Act 2012* (the 2012 Act). This new scheme applies to:

- Persons joining the public service as first-time new entrants from 1st January 2013 onwards; and
- Where appropriate, former public servants returning to the public service from 1 January 2013 onwards, after a break of more than 26 weeks and not under the same contract of employment.

Retirement benefits are based on 'career average earnings' (not final salary). For PDF personnel, a minimum pension age of 50 applies. This means that occupational pension and gratuity (lump sum) will not normally be payable immediately on discharge/retirement unless the person serves to age 50. Where leaving the PDF before age 50, benefits are preserved and generally payable in line with, and linked to, the social welfare State Pension age (currently age 66). Retirement benefits under the Single Scheme are contributory. A 7.5% employee superannuation contribution applies to PDF personnel (see Note 1 below); and occupational pension is subject to *integration* with the Social Insurance system.

Single Scheme – summary of main elements for PDF members

- It is a *defined benefit* scheme based on *Career-Average Earnings*.
- Retirement benefits – pension and lump sum – are primarily based on % of *pensionable earnings* throughout your public service career as a Single Scheme member.
- PDF members pay a 7.5% employee contribution from salary towards their Single Scheme benefits, as well as an *Additional Superannuation Contribution* (ASC) – see **Notes 1 and 2 below**.
- Each year, you build up money amounts on a *fast accrual* basis towards your Single Scheme retirement benefits. The total of these amounts at retirement, with some adjustments for increases in inflation, determines what your retirement benefits will be.
- Single Scheme retirement benefits are payable immediately on retirement from the PDF only if you serve to the *minimum pension age* of 50 and have the *vesting period of 2 years*¹.
- If you finish employment with the PDF before age 50 and have the vesting period, payment of your retirement benefits is normally *deferred* to the qualifying age for *Contributory State Pension* (CSP)² from the Department of Social Protection.
- Retirement pension (but not lump sum) is *integrated* with the Social Insurance system – see paragraph (b) below.
- There is no cap on the length of time over which members can build pension benefits under the Single Scheme.
- Transferring retirement benefits to Single Scheme from other employments:
 - The option for a member of the Single Scheme to transfer-in benefits from private sector pension schemes is generally available, subject to certain terms and conditions.
 - If, before joining the Single Scheme, you hold deferred retirement benefits from previous employments under a ‘pre-2013’ Public Service pension scheme, you cannot transfer those benefits to the Single Scheme. Those benefits remain to be administered under your earlier pre-2013 pension scheme.

¹ The *vesting period* for the Single Scheme is 2 years; the minimum length of time you must pay employee contributions into the scheme before becoming eligible for retirement benefits.

² The current qualifying age for all State Pensions is 66.

- If you hold deferred benefits under the Single Scheme from an earlier Single Scheme employment, you do not need to arrange for their “transfer” because it is the same Single Scheme in place across the Public Service.
- There is provision for immediate retirement benefits if compulsorily retired on medical grounds, and for death in service benefits (dependents pensions and death lump sum).
- Following retirement, increases to Single Scheme pension are linked to inflation.

(b) **For those who are not eligible for membership of the Single Scheme the following arrangements apply:**

- (iii) For personnel who join the PDF as *new entrants* **on or after 1 April 2004 and before 1 January 2013**, their arrangements are governed by the *Public Service Superannuation (Miscellaneous Provisions) Act 2004* (the 2004 Act). Their pension scheme provides for a ‘minimum pension age’ of 50. This means pension and gratuity (lump sum) will not normally be payable immediately on discharge/retirement from the PDF unless the person serves to age 50. Maximum retirement benefits generally accrue over 30 years. Where leaving the PDF before age 50, benefits are not payable immediately but are preserved and payable from age 60. Benefits are based on total pensionable service (subject to a maximum of 30 reckonable years) and pensionable pay at discharge/retirement date. Occupational pension is subject to *integration* with the Social Insurance system. In the case of commissioned officers, a 6.5% employee superannuation contribution is payable (see Note 2 below).

(iv) **Where a person joining the PDF is not a new entrant as defined:**

- **under the 2012 Act (see paragraph (a) above); or**
- **under the 2004 Act (see paragraph (b)(i) above),**

the pre-April 2004 Defence Forces superannuation arrangements apply.

For commissioned officers who are new joiners to the public service **on or after 6 April 1995 but before April 2004**, and who are subject to PPC pay scales and full PRSI (Class A), a gratuity is payable on retirement after 5 years’ qualifying service, while pension and gratuity are payable after 12 years service. * There is no preservation. Benefits, which are payable immediately on retirement, and regardless of age, are based

on retiring rank, service and other factors such as pensionable pay. A 6.5% employee superannuation contribution is payable (see Note 2 below); and occupational pension is subject to *integration* with the Social Insurance system.

*For commissioned officers who join **prior to 6 April 1995**, apart from pension contributions and integration, the same general occupational pension scheme terms apply as for post-April 1995 officers. However, **pre-6 April 1995** officers are on non-PPC pay scales. Therefore, they do not pay 'main scheme' pension contribution towards occupational pension and gratuity but pay a dependants' benefit contribution only (see Note 3 below). They are insured for modified PRSI (Class C) and their occupational pension is not subject to integration.

PRSI status, integration with Social Insurance system, pension contributions etc.

New entrants to the public service on or after 6 April 1995, including commissioned officers in the PDF, are insurable for full PRSI. Both employers and employees make PRSI contributions, which in turn entitle scheme members to Social Insurance benefits.

On that basis, their occupational (or spouse's / civil partner's) pension is subject to ***integration*** with the State Social Insurance system in accordance with standard public service arrangements. This means that their entitlement to the range of Social Insurance benefits (including the State Pension Contributory (SPC)) is taken into account when calculating the amount of occupational pension payable. In an integrated pension scheme, the State Pension etc. is viewed as part of the total pension package payable to the individual. Integration therefore results in a lower rate of occupational pension than would otherwise be the case. However, the combined benefit from both sources – the occupational pension plus State Pension etc. – makes up the person's 'total pension'. As a result, integration begins from the time the occupational pension comes into payment. Integration applies to occupational pension benefits and employee contributions, but not to gratuity.

As stated above, all successful candidates from this competition will be required to pay appropriate employee pension contributions from monthly pay towards their superannuation benefits at standard public service rates.

Note 1 – The 7.5% Single Scheme contribution is comprised of 4.2% of *net pensionable remuneration* (which means pensionable remuneration less twice the maximum rate of State Pension Contributory payable from time to time to a person who has no adult or child dependants) plus 3.3% of pensionable remuneration.

Note 2 – The 6.5% contribution for 'pre-Single Scheme' members who join the public service from 6 April 1995 onwards is 3.5% of *net pensionable remuneration* (towards personal pension) plus 1.5% of pensionable

remuneration (towards retirement gratuity) plus 1.5% of pensionable remuneration (towards spouses / civil partner's and children's pensions).

Note 3 – A contribution of 1.5% of pensionable remuneration is payable by pre-6 April 1995 officers towards spouses / civil partner's and children's pensions.

(a) Integration of retirement pension with the Social Insurance system:

New entrants to the Public Service on or after 6 April 1995, including Commissioned Officers in the PDF, are insurable for full PRSI. For this reason, public service retirement (or spouse's / civil partner's) pensions are subject to **integration** with the State Social Insurance system in accordance with standard Public Service arrangements.

This means that a person's entitlement to the range of Social Insurance benefits (including the Contributory State Pension) is taken into account when calculating the amount of retirement pension payable. In an integrated pension scheme, the Contributory State Pension (CSP) is regarded as part of the employee's total pension package. Under standard Public Service arrangements, this integration of retirement pension with the Social Insurance system applies from the time the retirement (or spouse's / civil partner's) pension commences payment.

This means the retirement pension is adjusted (reduced) from the start by a Social Insurance State Pension *offset*³, regardless of whether the person has reached Contributory State Pension age. Integration applies to retirement pension and to employee contributions, but not to retirement lump sum.

A Contributory State Pension becomes payable upon reaching the qualifying age. The *Public Service (Single Scheme and Other Provisions) Act 2012* (the 2012 Act) does not provide for the payment under the Single Scheme of a 'supplementary retirement pension' in the period between Defence Forces mandatory retirement age and State Pension qualifying age.

(b) Employee pension contributions:

Note 1 – As outlined above employee pension contributions are payable in accordance with the relevant superannuation scheme of which a person is a member.

- **Note 2** – Subject to certain exemption thresholds, all Public Servants who are in pensionable employment – including members of the PDF – are also liable to pay an *Additional Superannuation Contribution* (ASC). The ASC is separate from the standard employee pension contributions mentioned above. No additional superannuation benefits are earned because of the

³ The current value (in January 2026) of the Contributory State Pension (CSP) reduction is €299.30 per week

ASC. The ASC applies to pensionable earnings above certain thresholds at different bands and % rates depending on the pension scheme applicable to the member. From 1 January 2020, the ASC bands / rates are as follows:

Additional Superannuation Contribution	
All Public Servants who are members of the Single Public Service Pension Scheme	<i>Fast Accrual</i> members of pre-2013 Public Service Pension Schemes
First €34,500 of pensionable earnings – exempt	First €28,750 of pensionable earnings - exempt
Next €25,500 @ 3.33%	Next €31,250 @ 10%
Balance @ 3.5%	Balance @ 10.5%

(c) Declarations:

Under the *Public Service (Single Scheme and Other Provisions) Act 2012* (the 2012 Act), candidates are required to declare:

- any prior Public Service employment, or
- any pre-existing entitlements to a Public Service retirement benefit (whether already paid, in payment or deferred), or
- any existing remuneration from any other Public Service employment, or
- any such employment in which they received a payment-in-lieu of pension for that service.

(d) Pension abatement:

The following pension(s) will be immediately **subject to abatement*** in accordance with the relevant Defence Forces pension scheme rules and/or Section 52 of the *Public Service Pensions (Single Scheme and Other Provisions) Act 2012* (the 2012 Act):

- i) any Defence Forces occupational pension that is currently in payment to the applicant, or that comes into payment to him/her during the period of re-employment, and
- ii) any other civil or public service occupational pension already in payment to the applicant, or that comes into payment to him/her during the period of re-employment.

**Suspension, reduction or otherwise as the case may be.*

The abatement outcome will depend on factors such as a person's ongoing overall earnings from the public service by way of salary plus pension.

(e) Pension accrual:

In addition, if the candidate was previously employed in the public service, the 2012 Act also limits the amount of qualifying service which can be accrued in existing (pre-2013) pension schemes to a maximum of 40 years' service across all Public Service employments. This may have implications for any new recruit/appointee who has already acquired pension rights in a previous Public Service employment.

ANNEX C

Laser Eye Surgery

Applicants, for whom any one or more of the following criteria apply, will be deemed unfit to join the Permanent Defence Force:

- (a) Applicants who have had their visual acuity corrected by non-laser surgery or laser surgery involving the raising of a corneal flap
- (b) Applicants who have had corrective laser surgery not involving the raising of a corneal flap, within 12 months of the advertised closing date for receipt of applications
- (c) Where there continues to exist, beyond one year of corrective laser surgery not involving the raising of a corneal flap, significant visual impairment or side effects related to the surgery, or both
- (d) Where, following corrective laser surgery not involving the raising of a corneal flap, the residual corneal stromal thickness is less than 300 microns.

PHYSICAL FITNESS ETC.**PHYSICAL FITNESS TEST**

The physical fitness assessment is designed to test the candidate's current level of physical fitness and their capacity to undergo the rigours of military training. It is composed of two aspects:

- a. Components of physical fitness, consisting of body composition assessment
- b. Local muscular endurance and aerobic endurance

FORMAT OF THE DEFENCE FORCE INDUCTION FITNESS TEST (DFIFT)**BODY COMPOSITION ASSESSMENT**

This assesses the candidate's body composition. The candidate will undergo a body mass index (BMI) test and an assessment of body fat % will be assessed using skin calliper test (if necessary). Candidates who score > or equal to 30 on the BMI test must undergo a skinfold calliper test. Candidates who score in excess of 70mm (Males) or 80mm (Females) on the skinfold calliper test will **not** be permitted to continue with the test.

All tests are conducted in sports gear. Candidates are advised to bring the following should they be requested to attend tracksuit, shorts, singlet or t-shirt, training shoes, towel, and wash gear etc.

Candidates who wish to prepare for the above tests should do so under the guidance of a qualified instructor.

AEROBIC ENDURANCE

Candidates will be required to run one and a half miles (2.4kms) within the time limit below: (This is a pass or fail test).

Remarks	Males	Females	Distance
Green: test pass	<11 mins 40 sec	<13 mins 10 sec	2.4km
Amber: test pass	<12 mins 45 secs	<13 mins 50 sec	2.4km
Red: test fail	>12 mins 45 secs	>13 mins 50 sec	2.4km

A '**Green**' grading reflects the candidate passing the DFIFT and results in the candidate progressing to the next stage of the competition.

An 'Amber' grading reflects a reduced aerobic capacity. An applicant inducted with an amber grading will be required to pass the Defence Force Fitness Test (part 2/run) during stage 1 of the Cadet Training Course (initial 12 weeks). Cadets must pass the Defence Force's fitness test to be approved and recommended for commissioning as an officer of the Permanent Defence Force.

A 'Red' grading reflects the candidate has failed the DFIFT.

An applicant who achieves an "amber" result in their aerobic capacity (run) test may be considered for induction into the Defence Force, should the HR demand exist. Applicants inducted under these circumstances will be required to pass the Defence Force Fitness Test (part 2/run) during stage 1 of the Cadet Training Course (initial 12 weeks).

LOCAL MUSCULAR ENDURANCE

This will be assessed using push-ups and sit-ups. The time allowed is 60 seconds (This is a pass or fail test).

	Males	Females
Push-ups: (Minimum requirement)	20	20 (modified)
Sit-ups: (Minimum requirement)	20	20

If a candidate fails to meet any of the above minimum requirements, they will not be permitted to proceed to the next stage of the competition.
